ICA Advanced Certificates

We have made significant investments in technology and resources to create a new student experience – a blend of self-study, instructor-led virtual classrooms, dynamic discussions around live scenarios, topical reviews of industry events and bite-size videos. All designed to help you get the most out of the course, increase your chances of success and take away the practical knowledge you need to think differently and perform better in your role.

- 6-month course assessed by 2 written assignments (2,000 – 2,500 words)
- A mixture of guided online study and participation in live sessions:
 - 1 x virtual classroom - groups are limited to 36 students to maximise the study experience.
 - 1 x live, immersive learning scenario - a powerful experience putting you at the centre of a story, helping you bridge the gap between what you know and how you can apply that knowledge in your role
- 6 x monthly ‘in the spotlight’ videos covering the latest industry developments
- Proactive support throughout the course to help you stay on track

All times are UK times in 24 hour clock.
